## Specifications

|                                   |  |
|-----------------------------------|--|
| GPS Chip                          | MTK2503D   |
| Dimension                         | 80(L)*50(W)*32(H)  |
| GSM Frequency                     | 850/1900 or 900/1800MHZ  |
| GPRS                              | Class12.TCP/IP build in GSM Module   |
| Channel                           | 20   |
| Acquisition Sensitivity           | -144dBm  |
| Tracking Sensitivity              | -160dBm  |
| Voltage Input                     | 3.7V   |
| Locating Time                     | Hot<2SEC(Open Sky)   Warm<15SEC   Cold<38SEC(Open Sky)                         |
| GSM Antenna                       | Shrapnel Antenna   |
| GPS Antenna                       | Built in 25mm*25mm*2mm Ceramic Chip Antenna                                    |
| SOS Button                        | No   |
| Power Button                      | Yes  |
| Vibration Sensor                  | Yes  |
| Oil/electricity Cut off           | No   |
| Microphone                        | Yes  |
| ACC Detection                     | No   |
| Power Status Indication Light     | Red  |
| GPS Light                         | Blue   |
| GSM Lght                          | Green  |
| Built-In Battery                  | Yes  |
| Battery Capacity                  | 5800 mAh   |
| Data Uploading Port               | Yes  |
| Function Port                     | No   |
| Vibration Alert                   | Yes  |
| Remotely Hardware Status Checking | GPS Location Status (Backend Showing)<br>GSM Signal Strength (Backend Showing) |

**Registering your Device VIA Mobile App:** Scan QR Code to download Mobile App from Google Playstore or Apple istore.

## Registering & Activation of Your Device

**Registering your Device VIA Web:** Visit our corporate website [www.pictortelematics.in](http://www.pictortelematics.in), enter your personal details, device purchasing details and IMEI No (you can find it in your device outer /inner case).

**Activation of your Device:** You need to insert 2G SIM into your GPS Device, which may be Pre Paid or Post Paid from Leading Telcom Providers like **Airtel** or **Vodafone**, if you are living in India.

**Download Mobile App:** Go to google playstore <https://play.google.com/store>, Search **Pictor GPS** and download it on your smart phone, if you are using Android Phone.

## Device Installation Through Guided Videos

You may consult local experts of your area to install GPS Devices into your vehicle. You can also take help from our list of recommended videos, which are created by experts himself. Visit [www.pictortelematics.in/installation-video.html](http://www.pictortelematics.in/installation-video.html)

You can also contact us for expert location in your area by calling our Toll Free **1800 123 2632**

## Monitor & Track your Vehicle Through Next Generation Mobile App

This app contains the functions of real-time vehicle positioning, track playback and alarm viewing, which can be used to view the location and condition of the vehicle in real time.

A great tool for the complete overview of your vehicle movements. Other benefits include Access instant location and status information about your vehicle, Manage your vehicle quickly, easily and more efficiently, Improve security by over-viewing your vehicles, machinery, and tools at any time

**PICTOR TELEMATICS PVT. LTD.** is a GPS tracking solutions company providing Internet-based access and integration to LIVE vehicle tracking and asset management.

The company offers innovative GPS Tracking solutions through smart GPS Devices for Cars, Scooters, Bikes, Trucks, Buses & other commercial vehicles.
