

T98 1+1 Specification

The T98 1+1 equipped with:

- 1+1(2CH) 4G Dash Cam
- 1 x TF card slot up to 512 GB
- Optional Lora support 868Mhz / 915Mhz
- Support for an external AHD camera connection

4G LTE real-time networked dashcam supports real-time satellite positioning and real-time video recording. Video and alarm data can be uploaded remotely to solve the vehicle anti-theft, anti-scratch collision, the occurrence of the above accident, the first time to report to the platform and the owner.

Technical

Resolution	• 2.0MP
Pixel Size	• 1920 x 1080p
Lens	• 3.6mm (AI Camera) / 2.9mm (Standard)
Colours	• Full colour
System	• Linux
LTE FDD/ LTE-TDD	• B1, B2, B3, B5, B7, B8, B20, B28, B4/66, B38, B41

Features

Video recording	• 2CH 1080P resolution HD loop video
Real-time positioning	• Support
LORA	• Support BSI LoRa sensor
Audio in	• Mic (G711_A)
Fiel of view	• 90D 62H 45V/ 144.9D 120.3H 63.6V (Standard)
Pan-til	• 70°
White Balance	• Automatic

Appearance

Power Consumption

Operating Power	• DC 9-36V
Power Consumption	• @12V 18mA (Online Sleep) • @12V 174mA (Normal) • @12V 194mA (Full load)

Physical

Product Dimensions	• 107mm*60mm*37 mm
Weight	• About 145g
Connector	• BMW head 8pin female
Working Temperature	• -20°C to 70°C
Storage Temperature	• -40°C to 85°C
Humidity	• < 95%

Regulatory Compliance

Certification	• CE, FCC
Product Name	• EH25

Connector
